

Dion Dull

Director Category Inducted November 2014

Dion Dull joined the Kentucky BPA family in March 2003 as the Kentucky Assistant State Director.

Through Dion's dedication and hard work, the KY BPA program has seen tremendous growth and success. Dion was also willing to step in and become the Interim State Director for the state of Tennessee when a vacancy occurred because he knew the importance of keeping the BPA program alive and flourishing in that state. He was instrumental in securing their current state director.

Dion has worn many hats with the BPA and it is because of his dedication, values and work ethic that not only the Kentucky program but the North/Central Zone program and national program have grown and achieved many successes throughout the years. Dion was awarded the North Central Zone 110% Award in 2005, 2006 and 2008. In 2007, he was named the North/Central Zone State Director of the Year.

On November 5, 2014, Dion Dull became the 3rd Director to be inducted into the BPA Sports Hall of Fame.
